---

Carlos,

See David's letter below. The RPs discovered two "small" areas (reported verbal as approximately 3' x 5') in the eastern cell capped area that have little or now armor cap exposing only the geotextile fabric. I will be asking David for pictures of the two areas and a schedule for the repair work.

Subject: San Jacinto River Waste Pits TCRA Quarterly Inspection

---

Valmichael – As we discussed on the phone this afternoon, please see the attached letter concerning preliminary findings during our most recent quarterly cap inspection. I will follow up with you more as the week progresses.

Thank you,  
David
